

## A Brief Description of the Nurturing Network For College Campus Communities

**“Literally thousands of women have experienced the freedom, hope, healing and joy that come from receiving TNN’s confidential support. TNN’s “maternal profiles in courage” are invited to emerge from the life-altering crisis of an unplanned pregnancy with greater wisdom, maturity and confidence. This process of empowerment is what TNN is all about.”**

*Mary Cunningham Agee, TNN Founder and President*

**T**he Nurturing Network is an international charitable organization that responds to the immediate and comprehensive needs of college women facing the crisis of an unplanned pregnancy. Founded and managed by President, Mary Cunningham Agee, the Nurturing Network’s 48,000 volunteer Resource Members provide all of the practical support a woman needs to nurture her child’s life ... *and make the most of hers as well.*

**U**nderstanding that a mother facing this life-altering crisis often experiences discrimination and rejection, TNN’s dedicated volunteer Members in all 50 states and 30 foreign countries offer a powerful Network of resources including counseling, medical services, Nurturing Homes, employment and educational and financial assistance. TNN responds with flexibility and creativity to ensure that no college student will feel forced to choose a more desperate alternative. Over 19,000 women and their children have received the practical support of The Nurturing Network since its founding in 1985.

**T**he Nurturing Network provides a positive alternative to abortion by offering each mother an individually-tailored program of support free of charge. The objective of this grassroots program is not a political one, but a most practical one: To ensure that every college woman has the assistance she needs by calling a toll-free number: **1-800-TNN-4MOM**. Setting politics and rhetoric aside, each mother is empowered to nurture her child's life . . . *without compromising her own.*

**“The Nurturing Network was founded to provide every woman in crisis with a positive alternative to abortion. This grassroots program is uniquely designed to respond effectively to the unique values, needs and circumstances of College and working women. TNN’s international Network of volunteer Resource Members is dedicated to ensuring that no woman chooses abortion because she feels that she has *no other choice.*”**

### **How the Nurturing Network is Funded:**

**T**he Nurturing Network is a **501(c)3** charitable foundation funded entirely by the generous donations of private donations of individual benefactors, corporate sponsors and foundations. Because of the generous gifts of time and talent from Network Members, an average of 90% of all expenditures each year have historically been allocated directly to Client support.

### **How You Can Reach Us:**

**I**f you would like to receive information about The Nurturing Network, please feel free to call TNN’s 800# or contact Mary and Staff online at **[www.nurturingnetwork.org](http://www.nurturingnetwork.org)**. Mary’s email address is **[mary@nurturingnetwork.org](mailto:mary@nurturingnetwork.org)**.

**“Those who support ‘choice’ can hardly dispute the value of creating another choice; those who support life can hardly reject an alternative made real.”**
