

## A Brief Description of the Nurturing Network

**"The Nurturing Network was founded to provide every woman in crisis with a positive alternative to abortion. This grassroots program is uniquely designed to respond effectively to the unique values, needs and circumstances of College and working women. TNN's international Network of volunteer Resource Members is dedicated to ensuring that no woman chooses abortion because she feels that she has *no other choice.*"**

*Mary Cunningham Agee, TNN Founder and President*

The Nurturing Network is an international charitable organization that responds to the immediate and comprehensive needs of women facing the crisis of an unplanned pregnancy. Founded and managed by President, Mary Cunningham Agee, the Nurturing Network's 48,000 volunteer Resource Members provide all of the practical support a woman needs to nurture her child's life *—and make the most of hers as well.*

During the past two decades, over 19,000 women and children have been served through this grassroots Network that is active in all fifty states and in thirty foreign countries. Assistance is provided without charge and is available without regard to a person's race, creed or economic circumstances.

The Nurturing Network's objective is not a political one but a most practical one: To provide an authentic and life-affirming choice to women whose own support networks have let them down. Each woman served by TNN is empowered to move beyond her economic, emotional and social constraints in order to exercise her choice to have a healthy pregnancy and nurture the life of her child.

The Nurturing Network provides a wide array of individually-tailored solutions that are designed to meet the unique needs of each woman. Nurturing homes, medical services, legal assistance, counseling support, financial aid, and educational and employment opportunities are among the many resources offered to those who contact the Nurturing Network for help.

**"Literally thousands of women have experienced the freedom, hope, healing and joy that come from receiving TNN's confidential support. TNN's "maternal profiles in courage" are invited to emerge from the life-altering crisis of an unplanned pregnancy with greater wisdom, maturity and confidence. This process of empowerment is what TNN is all about."**

### How the Nurturing Network is Funded:

The Nurturing Network is a **501(c)3** charitable foundation funded entirely by the generous donations of private donations of individual benefactors, corporate sponsors and foundations. Because of the generous gifts of time and talent from Network Members, an average of 90% of all expenditures each year have historically been allocated directly to Client support.

### How You Can Reach Us:

If you would like to receive information about The Nurturing Network, please feel free to call toll-free: **1-800-TNN-4MOM** or contact Mary and Staff online at **[www.nurturingnetwork.org](http://www.nurturingnetwork.org)**. Mary's email address is **[mary@nurturingnetwork.org](mailto:mary@nurturingnetwork.org)**.

**"Those who support 'choice' can hardly dispute the value of creating another choice; those who support life can hardly reject an alternative made real."**
