We are honored to feature on the cover of this year's Thanksgiving card a special 20th Anniversary gift . . . a beautiful, life-affirming bronze sculpture by Victor Salmones, entitled "Playtime."

This card is brought to you through the generosity of an anonymous donor. 

*Nurturing Network
Giving the Gift of Life
for two decades . . .*

From Our Client Files . . .

Heartening

"Dear Mary,

I want to share the good news with you that after months of rejection, my parents have come to the U.S. to see their grandson. They are now providing daily care for him so that I can complete Graduate School. I would never have dreamed when I called TNN alone and with no family support that this joy would be possible. Had I been in Southeast Asia, I would have been forced to have an abortion. The Nurturing Home you provided was just awesome; more wonderful than I can say. They wouldn't accept a penny. They strengthened me. They gave me love and friendship as well as shelter. With Nurturing Network's help to pay my subway fare, I was able to get to work and now will be graduating in just a few months. I can't thank you enough. I will be forever grateful."

Love, *Diane*

Heartbreaking

"Dear Mary,

Deciding to end my pregnancy was the loneliest moment of my life. At the time, I felt trapped and frightened by the specter of humiliating my family whom I dearly love. My fiancé convinced me that the wedding would be called off and that my dream to be an elementary school teacher would be shattered. The pressure from my "friends" to snuff out my child's life was beyond intense. Perhaps if I could help another mother in this desperate situation, I could heal myself too. Please call upon me and keep up the great work you are doing. It matters so much."

Love, *Alicia*

Thanksgiving, 2004

Dear Nurturing Friend,

As we celebrate the abundant harvest of your many acts of kindness this Thanksgiving, I am filled with gratitude for all that your generous spirit has brought to the Nurturing Network. As we approach our 20th year of life-affirming service, I thank God every day for the countless acts of practical compassion that you and our 42,000 dedicated volunteer Members have offered to the 17,000 deserving mothers and children whom TNN has had the joy of serving.

If I could offer just one gift to you on this Thanksgiving, it would be the opportunity to listen first-hand to the profound gratitude of the mothers whose lives you have touched so deeply. Through the healing support of TNN, they have discovered God's richest blessings in the midst of life's most challenging circumstances.

With an increasing demand for our life-saving services particularly on College campuses all across the country, I cannot afford to let this moment go by without asking you to please consider making a donation. As you have seen before, any gift to the Nurturing Network will literally save lives. Even as you read this note, there are thousands of mothers who are still at risk of someday lamenting, "If only I had known . . .".

On this Thanksgiving Day, please join me in praying for our country and all who are courageously defending our freedoms . . . most especially the freedom of every mother to choose life for her child. I hope that you will keep our Nurturing Network in your prayers as we joyfully persevere in protecting and nurturing each human life - one life at a time.

With love and thanksgiving, 

Mary
